First Vice President's Report

June 9, 2015

We have organized another Dames visit to an historic house museum property in, Filoli. We have encouraged prospective members and guests to join us for this June visit. Betty Ann Reinhardt, a Dame, is a docent there and helped make arrangements for our visit. We will also be joined by Jan Gunn, our Octagon House representative to Bay Area Historic House Museums (Filoli is also a member of the organization).

We are in the process of arranging a program to feature Laura Ackley, author and expert on the Panama Pacific Exposition, presently scheduled for October.

I will be updating and putting together a new volume of the Roll of Honor books that are kept in the library as the last one of the old volumes is full. They have stopped making these leather bound volumes and the inserts. I have finally located a similar one and will get replacement sheets, plastic covers, etc. so that no one has to repeat this procurement exercise for years to come.

I did one Octagon House group tour "in training" with Kitten Ford graciously supervising. I would remind people to let me know of anyone wanting a group tour as soon as possible as I do need to schedule them. I was also very happy that I did not set the alarm off.

Respectfully submitted,

Ruth Donohugh
